# THE NATURAL CHOICE

## Swan Valley, Manitoba

- ✓ Modern facility
- ✓ Friendly people
- ✓ A place to call home

## A GREAT PLACE TO LIVE

Sheltered by prairie mountains and surrounded by rustic beauty, you will find the Swan River Valley a great place to call home. Fertile land and abundant natural resources provide economic opportunities in agriculture, forestry and tourism and set the stage for a relaxing and rewarding lifestyle.

Within the Valley is a network of communities that are tied together like unique neighbourhoods forming a closely connected region with plenty to keep you busy during any month of the year.

Our rich history is remembered and celebrated through a variety of historical and heritage sites and events including the Swan Valley Historical Museum and the annual Harvest Festival.

With a wonderful immigrant support network, our community has become the new home of hundreds of residents from all walks of life in the past few years and it continues to attract more people seeking a new life in Canada.

## A GREAT PLACE TO PLAY

Our community works hard and plays hard. Whether you enjoy connecting through organized sports and activities or prefer to spend your leisure time exploring nature, our Valley has the best of both.

With a strong commitment to sport and recreation, there are many activities throughout the Valley to keep you busy all winter long: Stampeders Junior A Hockey, youth and adult competitive and recreational sports, award-winning snowmobile trails, groomed cross-country ski trails and downhill skiing/snowboarding, to name a few.

In the summer the Valley boasts an 18-hole golf course with a driving range, as well as mountain biking trails, an abundance of hiking opportunities, two skateboard parks and a variety of lakes that are perfect for camping, boating, scuba diving, watersports or just relaxing on the beach. You can also find bocce ball, tennis and pickleball courts as well as a stock car track/club, riding club, firearms club and shooting range. The area is renowned for exceptional fishing and big game hunting.

Our indoor aquatic centre offers a four-lane competitive pool, leisure pool, waterslide, swirl pool and sauna for all-year-long fun. And if all that wasn't enough there is also a bowling alley with recreational leagues.

## A GREAT PLACE FOR FAMILY

From cultural events to community and school bands as well as community theatre, craft sales and farmers markets there is something for everyone in the Valley to enjoy.

The Northwest Round-up and Exhibition, a country-style rodeo and fair is held in the community annually on the last weekend in July and is an amazing opportunity for families to enjoy a major attraction close to home.

### EDUCATION

Swan Valley also offers many quality public and private learning options.

Early learning opportunities include a Better Beginnings program, nursery school and many fully licenced daycares.

Our complement of educational facilities includes multiple elementary/middle years schools, a French Immersion option, private Christian school and one regional high school that offers a traditional academic model as well as a technical-vocational model.

Additionally, Swan Valley Adult Education offers high school credits and upgrading and University College of the North, Living Word Bible College and Northern Institute of Trades and Technology all offer post-secondary options.
